PROXY STATEMENT

**This Proxy Statement and accompanying proxy are being first mailed
to shareholders on or about May 26, 2006**

This Proxy Statement and accompanying proxy are furnished to the shareholders of Actuant Corporation (the "Company") in connection with the solicitation of proxies by the Board of Directors of the Company for use at a Special Meeting of Shareholders to be held on Friday, July 7, 2006 (the "Meeting"), and at any adjournment thereof.

A proxy may be revoked, prior to its exercise, by executing and delivering a later dated proxy, by delivering written notice of the revocation of the proxy to the Corporate Secretary prior to the Meeting, or by attending and voting at the Meeting. Attendance at the Meeting, in and of itself, will not constitute a revocation of a proxy. Unless previously revoked, the shares represented by all properly executed proxies received in time for the Meeting will be voted in accordance with the shareholder's directions. If no directions are specified on a duly submitted proxy, the shares will be voted, in accordance with the recommendations of the Board of Directors, FOR Proposal 1, FOR Proposal 2 and in accordance with the discretion of the persons appointed as proxies on any other matters properly brought before the Meeting.

The cost of soliciting proxies, including forwarding expense to beneficial owners of stock held in the name of another, will be borne by the Company. The Company has retained Georgeson Shareholder Communications Inc. to aid in the solicitation of proxies, including the solicitation of proxies from brokerage firms, banks, nominees, custodians and fiduciaries, for a fee of approximately \$7,500 plus disbursements. In addition, officers and employees of the Company may solicit the return of proxies from certain shareholders by telephone or meeting. Such officers and employees will receive no compensation therefor in addition to their regular compensation. Shares held for the accounts of participants in the Company's 401(k) Plan ("Savings Plan") will be voted in accordance with the instructions of the participants or otherwise in accordance with the terms of such plan.

A majority of the votes entitled to be cast by shares entitled to vote, represented in person or by proxy, constitutes a quorum for action on a matter at the Meeting. Proxies marked "abstain" are counted as shares present for purposes of determining the presence or absence of a quorum. Proxies relating to "street name" shares that are voted by brokers on some matters, but not on other matters as to which authority to vote is withheld from the broker ("broker non-votes"), will be treated as shares present for purposes of determining the presence or

absence of a quorum. The voting requirements and the procedures described below are based upon provisions of the Wisconsin Business Corporation Law, the Company's articles of incorporation and by-laws, and any other requirements applicable to the matters to be voted upon.

The affirmative vote of holders of two-thirds of all outstanding shares will be required for the approval of Proposal 1. The affirmative vote of a majority of the votes cast will be required for the approval of Proposal 2, provided that the total number of votes cast on the proposal represents over 50% of the number of shares of the Company's Class A Common Stock, par value \$0.20 per share ("Common Stock") entitled to vote on the proposal. Under New York Stock Exchange rules, Proposals 1 and 2 are considered "discretionary items" whereby brokers are permitted to vote in their discretion on behalf of beneficial owners if such beneficial owners do not furnish voting instructions. "Broker non-votes" are treated as not being present for the matter (other than for determining the presence or absence of a quorum). Since Proposals 1 and 2 require an affirmative vote of the shareholders, broker non-votes have the effect of a vote cast against these proposals. Proxies marked "abstain" are treated as being present and entitled to vote on the matter and, therefore, will have the effect of votes against these proposals.

On May 15, 2006, the record date for determining shareholders entitled to receive notice of and to vote at the Special Meeting of Shareholders, the Company's outstanding capital stock consisted solely of 27,277,604 shares of Common Stock. Each share of Common Stock outstanding on the record date is entitled to one vote on each matter submitted at the Meeting.

References to "fiscal year 2006," "fiscal year 2005," and "fiscal year 2004," and other similar references refer to the Company's fiscal years ending or ended on August 31, 2006, 2005 and 2004, respectively;

PROPOSAL 1

AMENDMENT TO THE COMPANY'S RESTATED ARTICLES OF INCORPORATION

The board of directors has determined that it is advisable and in the best interests of the Company and its shareholders to amend the Company's Restated Articles of Incorporation (the "Articles") to increase the number of authorized shares of Common Stock. Accordingly, the board of directors has proposed an amendment to the Articles increasing the number of authorized shares of Common Stock from 42,000,000 to 84,000,000 for submission to the Company's shareholders at the Meeting.

As of May 15, 2006, the record date, there were 27,277,604 shares of Common Stock outstanding, 4,583,144 shares were reserved for issuance in connection with various employee benefit plans and an additional 3,758,457 shares were reserved for issuance in connection with the Company's 2% Convertible Senior Subordinated Debentures due 2023.

The board of directors believes it is desirable for the Company to have the flexibility to issue additional shares of Common Stock in excess of the amount which is currently authorized without further shareholder action. The additional shares of Common Stock will be available for issuance from time to time, including for a stock split or dividend, raising capital through the sale of Common Stock or as consideration in connection with acquisitions and for attracting and retaining valuable employees by issuing additional stock options or restricted stock. While the board of directors continually considers the Company's capital structure and various financing alternatives, the board has no formal plans or commitments to issue any additional shares of Common Stock at this time. The board of directors will determine whether, when and on what terms the issuance of shares may be warranted in connection with any of those purposes.

For the reasons set forth above, the board of directors has proposed that the following resolution, which embodies an amendment to the Articles effecting the increased authorization, be submitted to the Company's shareholders for approval at the Meeting:

RESOLVED, that Section 3.1(a) of Article III of the Company's Restated Articles of Incorporation be amended to read as follows:

"(a) Class A Common Stock. 84,000,000 shares of Class A Common Stock, having a par value of \$.20 per share."

If this amendment is approved by the Company's shareholders, the entire authorized capital stock of the Company will consist of 84,000,000 shares of Class A Common Stock, 1,500,000 shares of Class B Common Stock and 160,000 shares of Cumulative Preferred Stock. No Class B Common Stock or Cumulative Preferred Stock is currently outstanding.

As is the case with the current authorized but unissued shares of Common Stock, the additional shares of Common Stock authorized by this proposed amendment could be issued upon approval by the board of directors without further vote of our stockholders except as may be required in particular cases by our Restated Articles of Incorporation, applicable law, regulatory agencies or the rules of the New York Stock Exchange. Under our Restated Articles of Incorporation, shareholders do not have preemptive rights to subscribe to additional securities that may be issued by the Company, which means that current shareholders do not have a prior right to purchase any new issue of Common Stock in order to maintain their proportionate ownership interest in the Company. If we issue additional shares of Common Stock or securities convertible into or exercisable for

Common Stock, such issuance would have a dilutive effect on the voting power and could have a dilutive effect on the earnings per share of the Company's currently outstanding shares of Common Stock. Additionally, the Company has no current intention of using additional shares of Common Stock as an anti-takeover defense, however, such an issuance could be used to create impediments to or otherwise discourage persons attempting to gain control of the Company (through dilutive offerings or otherwise).

The affirmative vote of two-thirds of all shares entitled to vote thereon shall be required for approval of the proposed amendment to the Articles. Since abstentions and broker non-votes are not affirmative votes, they will have the effect of votes cast against the proposal.

The board of directors unanimously recommends that you vote FOR approval of the amendment.

PROPOSAL 2
APPROVAL OF THE ACTUANT CORPORATION
LONG TERM INCENTIVE PLAN

The board of directors believes that the continued growth and profitability of the Company depends, in part, upon the ability of the Company to attract and retain highly qualified employees. In order to achieve this objective, the board of directors has determined that it is in the best interests of the Company and its shareholders to adopt the Long-Term Incentive Plan. Accordingly, on April 5, 2006, the board of directors adopted the Long Term Incentive Plan (the "Plan") to take effect on May 1, 2006, subject to shareholder approval. A copy of the Plan is attached hereto as Exhibit A. The following summary of the material features of the Plan is qualified in its entirety by reference to the complete text of the Plan.

Summary of Long Term Incentive Plan

The purpose of the Plan is to provide an incentive for key officers of the Company to improve corporate performance on a long-term basis by providing each participating officer with an opportunity to receive a cash incentive payment based on the growth of the Common Stock price of the Company. The Plan is a nonqualified deferred compensation plan subject to the provisions of Internal Revenue Code Section 409A. The following key officers are eligible to participate in the Plan: Robert Arzbaecher, William Blackmore, Mark Goldstein and Andrew Lampereur. The Plan covers a performance measurement period of eight plan years. A plan year is the 12-month period beginning on May 1 and ending the following April 30. The amount of compensation to be paid to the participants in the Plan will be based upon the achievement of an economic performance measure during the performance period as follows: at any time during the eight year measurement period, the "fair market value" of the Company's Common Stock is at least \$100 per share and remains at or above \$100 for 30 consecutive trading days. The Plan defines "fair market value" as the mean of the high and low sales prices recorded in composite transactions on the New York Stock Exchange. The closing price of the Company's Common Stock on the New York Stock Exchange on May 15, 2006 was \$64.14 per share.

In the event of a sale of over 50% of the outstanding shares of stock of the Company, the performance target shall be deemed achieved if the consideration received by the selling shareholders as a result of the change in control is at least \$100 per share. The stock price performance target may be equitably adjusted, at the discretion of the Compensation Committee, to give effect to any stock dividend or distribution, stock split, spin-off, split-off, spin-out, recapitalization, merger, consolidation, reorganization, combination or exchange of shares.

The overall pool amount under the Plan is based on the number of plan years that it takes to achieve the performance target as described below:

Time to Achieve Performance Target After Effective Date	LTI Payout Pool
On or before May 1, 2011	\$ 20 Million
After May 1, 2011 and on or before May 1, 2012	\$ 16.6 Million
After May 1, 2012 and on or before May 1, 2013	\$ 13.3 Million
After May 1, 2013 and on or before May 1, 2014	\$ 10 Million
After May 1, 2014	\$ 0

The compensation payable to a participant in the Plan will be a percentage of the overall pool amount for the Plan as a whole. The Plan provides that Mr. Arzbaeher's share of the pool amount under the plan is 50% and the respective percentage of each of Messrs. Blackmore, Goldstein and Lampereur is 16.66%. No payment will be made if the performance target is not achieved during the performance measurement period. In addition, a participant's share of the payout pool may not be increased, including as a result of the reduction of any other participant's payment.

If the performance target is achieved during the performance measurement period each participant who is both employed by the Company (i) on the date the performance target is achieved and (ii) on May 1, 2011 shall be entitled to receive a long term incentive payment under the Plan. Awards earned under the Plan will be paid following the later of (i) the date the performance target is achieved during the performance measurement period or (ii) May 1, 2011 (the fifth anniversary of the effective date of the Plan).

A participant must be employed by the Company on the payment date to receive his percentage of the payout pool unless the performance target is achieved while the participant is an employee and the participant's employment is terminated by the Company without cause or by death. In such cases a participant will be eligible to receive an award on the date that awards are paid to other plan participants. A participant's right to any long term incentive payment under the Plan shall be immediately forfeited in the event that the participant voluntarily terminates employment or is terminated for cause.

The Board may amend or terminate any or all of the provisions of the Plan; provided, however, that no such action (i) will be made without shareholder approval where shareholder approval is required under Section 162(m) of the Internal Revenue Code and (ii) shall, without the consent of the participant, alter or impair a participant's right to receive a long term incentive payment to which the participant became entitled on or before the date of such action.

Section 162(m) generally provides that the Company may not take a federal income tax deduction for compensation in excess of \$1,000,000 paid to certain executive officers in any one year. Certain performance-based compensation is exempt from this limit. That is, Section 162(m) does not preclude the Company from taking a federal income tax deduction for certain qualifying performance-based compensation paid to an executive officer in a year even if that compensation exceeds \$1,000,000. The Plan is structured to satisfy the requirements for performance-based compensation within the meaning of Section 162(m) and related IRS regulations. Section 162(m) requires that certain material terms of the plan, including the business criteria and maximum amounts payable, be approved by the Company's shareholders. If the Plan is approved by the shareholders, payment of the full amounts calculated under the Plan should be deductible by the Company for federal income tax purposes.

The table below presents the individual range of target awards that may be payable (subject to approval by stockholders of the Plan) to Robert Arzbaeher, William Blackmore, Mark Goldstein and Andrew Lampereur (for whom executive compensation information is provided under the section entitled "Executive Compensation") if the performance target is achieved during the performance measurement period. If the performance target is not met, the participants will not receive an award under the Plan.

Andrew Lampereur Executive Vice President and Chief Financial Officer	\$ 3,333,000	\$ 2,766,000	\$ 2,216,000	\$ 1,666,000	-0-

The affirmative vote of holders of a majority of the shares cast at the Meeting, in person or by proxy, will be required for the approval of the Plan. Abstentions and broker non-votes will have the effect of a vote against the Plan.

The board of directors unanimously recommends that you vote FOR approval of the Plan.

Option/SAR Grants in Last Fiscal Year

The following table sets forth information concerning stock option grants during fiscal year 2005 to the named executive officers. No stock appreciation rights ("SARs") were granted in fiscal 2005.

Name	Individual Grants				Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term (3)	
	Number of Securities Underlying Options/SARs Granted (#)	Percent of Total Options/SARs Granted to Employees in Fiscal Year (1)	Exercise or Base Price (\$/Share)	Expiration Date (2)	5%	10%
Robert C. Arzbaecher	75,000	21.8%	\$ 40.09	10/27/14	\$ 1,890,929	\$ 4,791,982
Williams S. Blackmore	20,000	5.8%	40.09	10/27/14	504,258	1,277,862
Mark E. Goldstein	24,000	7.0%	40.09	10/27/14	605,097	1,533,434
Andrew G. Lampereur	20,000	5.8%	40.09	10/27/14	504,258	1,277,362

- (1) Based on stock option grants for an aggregate of 343,535 shares made to all employees during the fiscal year ended August 31, 2005.

- (2) Unless earlier terminated, options expire ten years from the date of grant and generally become exercisable as to half of the shares granted two years after the date of grant and fully exercisable five years after the date of grant. In the event of a change in control of the Company, the Compensation Committee may either provide for equivalent substitute options to be granted to the optionees or a cash-out of the options based on the highest fair market value per share of Company Common Stock during the 60-day period immediately preceding the change in control. Optionees who earn more than \$100,000 per year may elect to defer receipt of option shares upon exercise of an option. Throughout the deferral period, the deferred shares are credited with "deemed dividends" at the same rate as dividends paid on Company Common Stock. At the end of the deferral period, such accumulated cash dividend equivalent amounts are converted into shares of Common Stock and distributed with the shares of Common Stock issued to settle the optionee's deferred share account.
- (3) The dollar amounts under these columns are the result of calculations at the 5% and 10% appreciation rates set by the Securities and Exchange Commission and are not intended to forecast possible future appreciation, if any, of the Common Stock price.

Aggregate Option/SAR Exercises in Last Fiscal Year and Fiscal Year-End Option/SAR Values

Equity Compensation Plan Information

The following table provides information as of August 31, 2005 regarding the number of shares of Common Stock that may be issued under the Company's equity compensation plans.

Plan Category (1)	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in the first column)
Equity compensation plans approved by security holders	1,988,534	\$ 21.68	330,437(2)(3)
Equity compensation plans not approved by security holders	-0-	N/A	-0-
Total	1,988,534	\$ 21.68	330,437(2)(3)

- (1) The table does not include information regarding the Company's Outside Directors' Deferred Compensation Plan. The plan permits deferral of director compensation into phantom stock units, which are paid out in shares of Common Stock. The directors who participate in the plan do not have any voting or dispositive power over the phantom stock units. As of August 31, 2005, there were 47,752 shares of Common Stock underlying phantom stock units held in the plan.
- (2) Comprised of 197,594 shares available under employee stock plans; 52,000 shares available under the directors' plan; and 80,843 shares available under the employee stock purchase plan.
- (3) The number of shares available for issuance under the 2002 Stock Plan was increased by 2,000,000 on January 13, 2006 and the number of shares available for issuance under the directors' plan was increased by 100,000 on January 13, 2006. The information reported in the table above does not reflect these increases.

Change in Control Arrangements

Certain of the Company's stock option plans contain provisions that would be triggered by a change in control of the Company. The 1996, 2001 and 2002 Stock Option Plans permit the Compensation Committee to either provide for equivalent substitute options to be granted to the optionees upon a change in control or the cash-out of options previously granted under such plan based on the highest fair market value per share of Company Common Stock during the 60-day period immediately preceding the change in control. The 1990 Stock Option Plan provides for acceleration of vesting in the event of a change in control. Finally, the stock option deferral programs which are part of each stock option plan maintained by the Company require distribution of all deferred shares as soon as administratively practicable after the date of a change in control.

The Company has entered into change in control agreements with each of Messrs. Arzbaecher, Blackmore, Boel, Goldstein and Lampereur, present executive officers of the Company, whereby the Company will provide the executives with termination benefits upon termination of employment following a change in control and a triggering event. A triggering event is generally defined as:

- (a) reducing the total base compensation amount paid by the Company to the executive or (b) modifying the bonus plan applicable to the executive which results in the executive earning less than the then existing bonus plan or (c) reducing the total aggregate value of the fringe benefits received by the executive from the Company from the levels received by the executive at the time of a change in control or during the 180-day period immediately preceding the change in control; or

-
- a material change in the executive's position or duties, executive's reporting responsibilities, or persons reporting to the executive from the levels existing at the time of a change in control or during the 180-day period immediately preceding the change in control; or
 - a change in the location or headquarters where the executive is expected to provide services of 40 or more miles from the previous location existing at the time of the change in control or during the 180-day period immediately preceding the change in control.

A change in control is defined as:

- a sale of over 50% of the stock of the Company measured in terms of voting power, other than in a public offering or certain acquisitions by the Company; or
- the sale by the Company of over 50% of its business or assets in one or more transactions over a consecutive 12-month period; or
- a merger or consolidation of the Company with any other corporation if the shareholders of the Company prior to the transaction do not own at least 50% of the surviving entity; or
- the acquisition by any means of more than 25% of the voting power or Common Stock of the Company by any person or group of persons (with group defined by the definitions under Section 13(d)(3) of the Securities Exchange Act of 1934, as amended); or
- the election of directors constituting a majority of the Company's Board of Directors pursuant to a proxy solicitation not recommended by the Company's Board of Directors.

The terms of the change in control agreements are not uniform and vary by executive. The period of time during which a triggering event (and corresponding termination of employment) must occur in connection with a change in control vary from 6 months prior to, and 18 to 24 months following, the change in control. The termination benefits payable range from one to two times base salary plus one to two times bonus. The change in control agreements also provide that the Company will also continue to provide welfare benefits and other perquisites which the executive was receiving at the time of the change in control for a period ranging from 12 to 24 months after termination.

Compensation Committee Interlocks and Insider Participation

During fiscal year 2005, the Compensation Committee of the board of directors was composed of William K. Hall, Robert A. Peterson, William P. Sovey and Larry D. Yost. None of these persons has at any time been an officer or employee of the Company or any of its subsidiaries. In addition, there are no relationships among the Company's executive officers, members of the Compensation Committee or entities whose executives serve on the Compensation Committee that require disclosure under applicable Securities and Exchange Commission regulations.

Director Compensation

Directors who are not employees of the Company are paid an annual retainer of \$30,000 for serving on the board of directors and an annual retainer for serving on each committee of \$10,000, \$5,000 and \$5,000 for the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee, respectively. The chairperson of each committee receives an additional annual fee of \$5,000. Directors are also reimbursed for expenses incurred in connection with attendance at meetings. In fiscal year 2006, the Company will pay its lead director an annual retainer of \$20,000 for his services.

In fiscal year 2005, each non-employee director was automatically granted an option to purchase 6,000 shares of Company Common Stock at an exercise price of \$48.88 per share under the Company's 2001 Outside Directors' Stock Option Plan. On January 13, 2006, the Company's shareholders approved the Amended and Restated 2001 Outside Directors' Stock Plan. Pursuant to the Amended and Restated 2001 Outside Directors' Stock Plan, directors who are not employees of the Company are eligible for grants of stock options or restricted stock at the discretion of the Compensation Committee. On January 13, 2006, the Compensation Committee granted each non-employee director an option to purchase 4,000 shares of the Company's Common Stock at an exercise price of \$56.22 per share under the Company's Amended and Restated 2001 Outside Directors' Stock Plan.

Directors who are employees of the Company do not receive separate remuneration in connection with their service on the board or board committees.

Under the Outside Directors' Deferred Compensation Plan (the "Deferred Compensation Plan"), each non-employee director may elect to defer all or a specified portion of his annual retainer for future payment on a date specified by the participant or upon termination of the participant's service as a director. The amount deferred is used to purchase shares of Company Common Stock on the open market, which shares are then placed in a rabbi trust. Distributions from the Deferred Compensation Plan are made in Common Stock. During fiscal year 2005, four directors participated in the Deferred Compensation Plan.

Shareholder Proposals

Shareholders who wish to submit a proposal to be presented at the Special Meeting are required by the Company's bylaws to provide notice of such proposal to the principal executive offices of the Company a reasonable period of time (as determined by the Board) before such special meeting and only if such proposal is within the purposes described in the notice of the Special Meeting.

Shareholders who wish to submit a proposal not intended to be included in the Company's annual meeting proxy statement but to be presented at next year's annual meeting, or who propose to nominate a candidate for election as a director at that meeting, are required by the Company's bylaws to provide notice of such proposal or nomination to the principal executive offices of the Company. This notice must be delivered to the Company by September 15, 2006, but no earlier than August 16, 2006, to be considered for a vote at next year's annual meeting. The notice must contain the information required by the Company's bylaws.

IV. PARTICIPANTS

The following key officers of the Company shall be eligible to participate in the Plan:

(a) Robert Arzbaeher;

(b) William Blackmore;

(c) Mark Goldstein; and

(d) Andrew Lampereur.

V. PERFORMANCE MEASUREMENT

5.01 *Performance Measurement Period.* The Plan shall utilize a performance measurement period of eight (8) Plan Years (the “*Performance Measurement Period*”), which period shall begin on the Effective Date.

5.02 *Performance Target.* LTI Payments under the Plan shall be based on the achievement by the Company of an economic performance measure (the “*Performance Target*”) during the Performance Measurement Period. The Performance Target under the Plan is as follows:

At any time during the Performance Measurement Period, the Fair Market Value of Company Stock is \$100 per share and remains at \$100 per share for 30 consecutive Trading Days.

If there is any change in the outstanding shares of Company Stock by reason of a stock dividend or distribution, stock split, spin-off, split-off, spin-out, recapitalization, merger, consolidation, reorganization, combination, or exchange of shares, the stock price component of the Performance Target described above shall be equitably adjusted by the Committee, in its sole discretion, to give proper effect to such change.

VI. LTI PAYOUT POOL

The “*LTI Payout Pool*” is the amount determined in accordance with the following matrix and rules:

<u>Time to Achieve Performance Target After Effective Date</u>	<u>LTI Payout Pool</u>
Less than 5 Plan Years	\$ 20 Million
5 Plan Years	\$ 20 Million
6 Plan Years	\$ 16.6 Million
7 Plan Years	\$ 13.3 Million
8 Plan Years	\$ 10 Million
More than 8 Plan Years	\$ 0

If the Performance Target is not achieved within the first five (5) Plan Years after the Effective Date, the LTIP Payout Pool is reduced on a pro rata basis by month (based on completed months) until it equals \$10 Million if the Performance Target is achieved by the end of the Performance Measurement Period. In no event may the LTI Payout Pool be increased.

VII. LTI PAYMENTS

7.01 *LTI Payment Amount.* Subject to the conditions of the Plan, if the Performance Target is achieved during the Performance Measurement Period, each Participant who is both (i) employed by the Company on the date the Performance Target is achieved and (ii) employed by the Company on the fifth anniversary of the Effective Date shall be entitled to receive a long term incentive payment ("*LTI Payment*") under the Plan. The amount of the Participant's LTI Payment will be determined in accordance with the following formula and matrix:

$$\text{LTI Payment} = [\text{LTI Payout Pool}] \times [\text{Share of LTI Payout Pool}]$$

<u>Participant</u>	<u>Share of LTI Payout Pool</u>
Robert Arzbaeher	50.00%
William Blackmore	16.66%
Mark Goldstein	16.66%
Andrew Lampereur	16.66%

No LTI Payment shall be paid under the Plan if the Performance Target is not achieved during the Performance Measurement Period. In addition, in no event may a Participant's share of the LTI Payout Pool be increased in any way, including as a result of the reduction of any other Participant's LTI Payment.

7.02 *Special Situations Affecting LTI Payments.*

Notwithstanding any provision of the Plan to the contrary:

(a) If the Performance Target is achieved during the Performance Measurement Period, a Participant whose employment is involuntarily terminated for any reason (other than death or for Cause) after the Performance Target is achieved but before the LTI Payment is paid will be eligible to receive an LTI Payment, the amount of which will be determined in accordance with Section 7.01.

(b) If the Performance Target is achieved during the Performance Measurement Period, and a Participant dies while employed after the Performance Target is achieved but before the LTI Payment is paid, the beneficiary named by the Participant under the Company's Group Life Insurance Plan shall be eligible to receive an LTI Payment, the amount of which will be determined in accordance with Section 7.01.

(c) A Participant's rights with respect to any LTI Payment under this Plan shall be immediately forfeited in the event that (i) the Participant's employment is terminated for Cause, or (ii) the Participant breaches any written covenants specified in the Participant's employment agreement or any non-compete agreement relating to the Participant's competition with the Company.

VIII. PAYMENT OF LTI PAYMENTS

LTI Payments earned under Section VII of the Plan shall be paid in a single lump sum in cash as soon as administratively practicable following the later of (i) the date the Performance Target is achieved during the Performance Measurement Period or (ii) the fifth anniversary of the Effective Date. Any change to the payment date of the LTI Payments shall comply with the requirements of Code Section 409A and applicable IRS guidance issued thereunder.

IX. AMENDMENT AND TERMINATION

The Board may from time to time amend, modify, suspend or terminate the Plan; provided, however, that (i) no such action shall be made without shareholder approval where such approval would be required in order to comply with the provisions of Code Section 162(m) or other applicable laws, regulations, or stock exchange rules, and (ii) no such action shall, without the consent of the Participant, alter or impair a Participant's right to receive an LTI Payment to which the Participant became entitled on or before the date of such action.

X. EXPIRATION OF THE PLAN

The Plan will automatically terminate eight (8) Plan Years after the Effective Date of the Plan.

XI. GENERAL PROVISIONS

11.01 *Nontransferability*. No LTI Payment shall be transferable by a Participant otherwise than by will or the laws of descent and distribution.

11.02 *Tax Withholding*. All payments made pursuant to the Plan shall be subject to applicable federal, state and local income and/or employment tax withholding requirements.

11.03 *No Guarantee of Employment*. Participation in the Plan shall not confer on any Participant a right to continue to serve the Company as an officer or otherwise. This Plan shall in no way limit the right of the Company, subject to the terms of any separate employment agreement to the contrary, at any time to terminate a Participant's employment, or to increase or decrease the compensation of the Participant from the rate at the time of the Effective Date.

11.04 *Governing Law*. Except as otherwise required by applicable federal laws, the Plan shall be governed by, and construed in accordance with, the laws of the State of Wisconsin (without regard to any state's principles of conflicts of laws).

11.05 *Severability*. If any provision of this Plan shall be held illegal or invalid for any reason, said illegality or invalidity shall not affect the remaining parts of this Plan, but this Plan shall be construed and enforced as if said illegal or invalid provision had never been included herein.
